**BROADEN
THE VISION
DEEPEN
THE ROOTS**

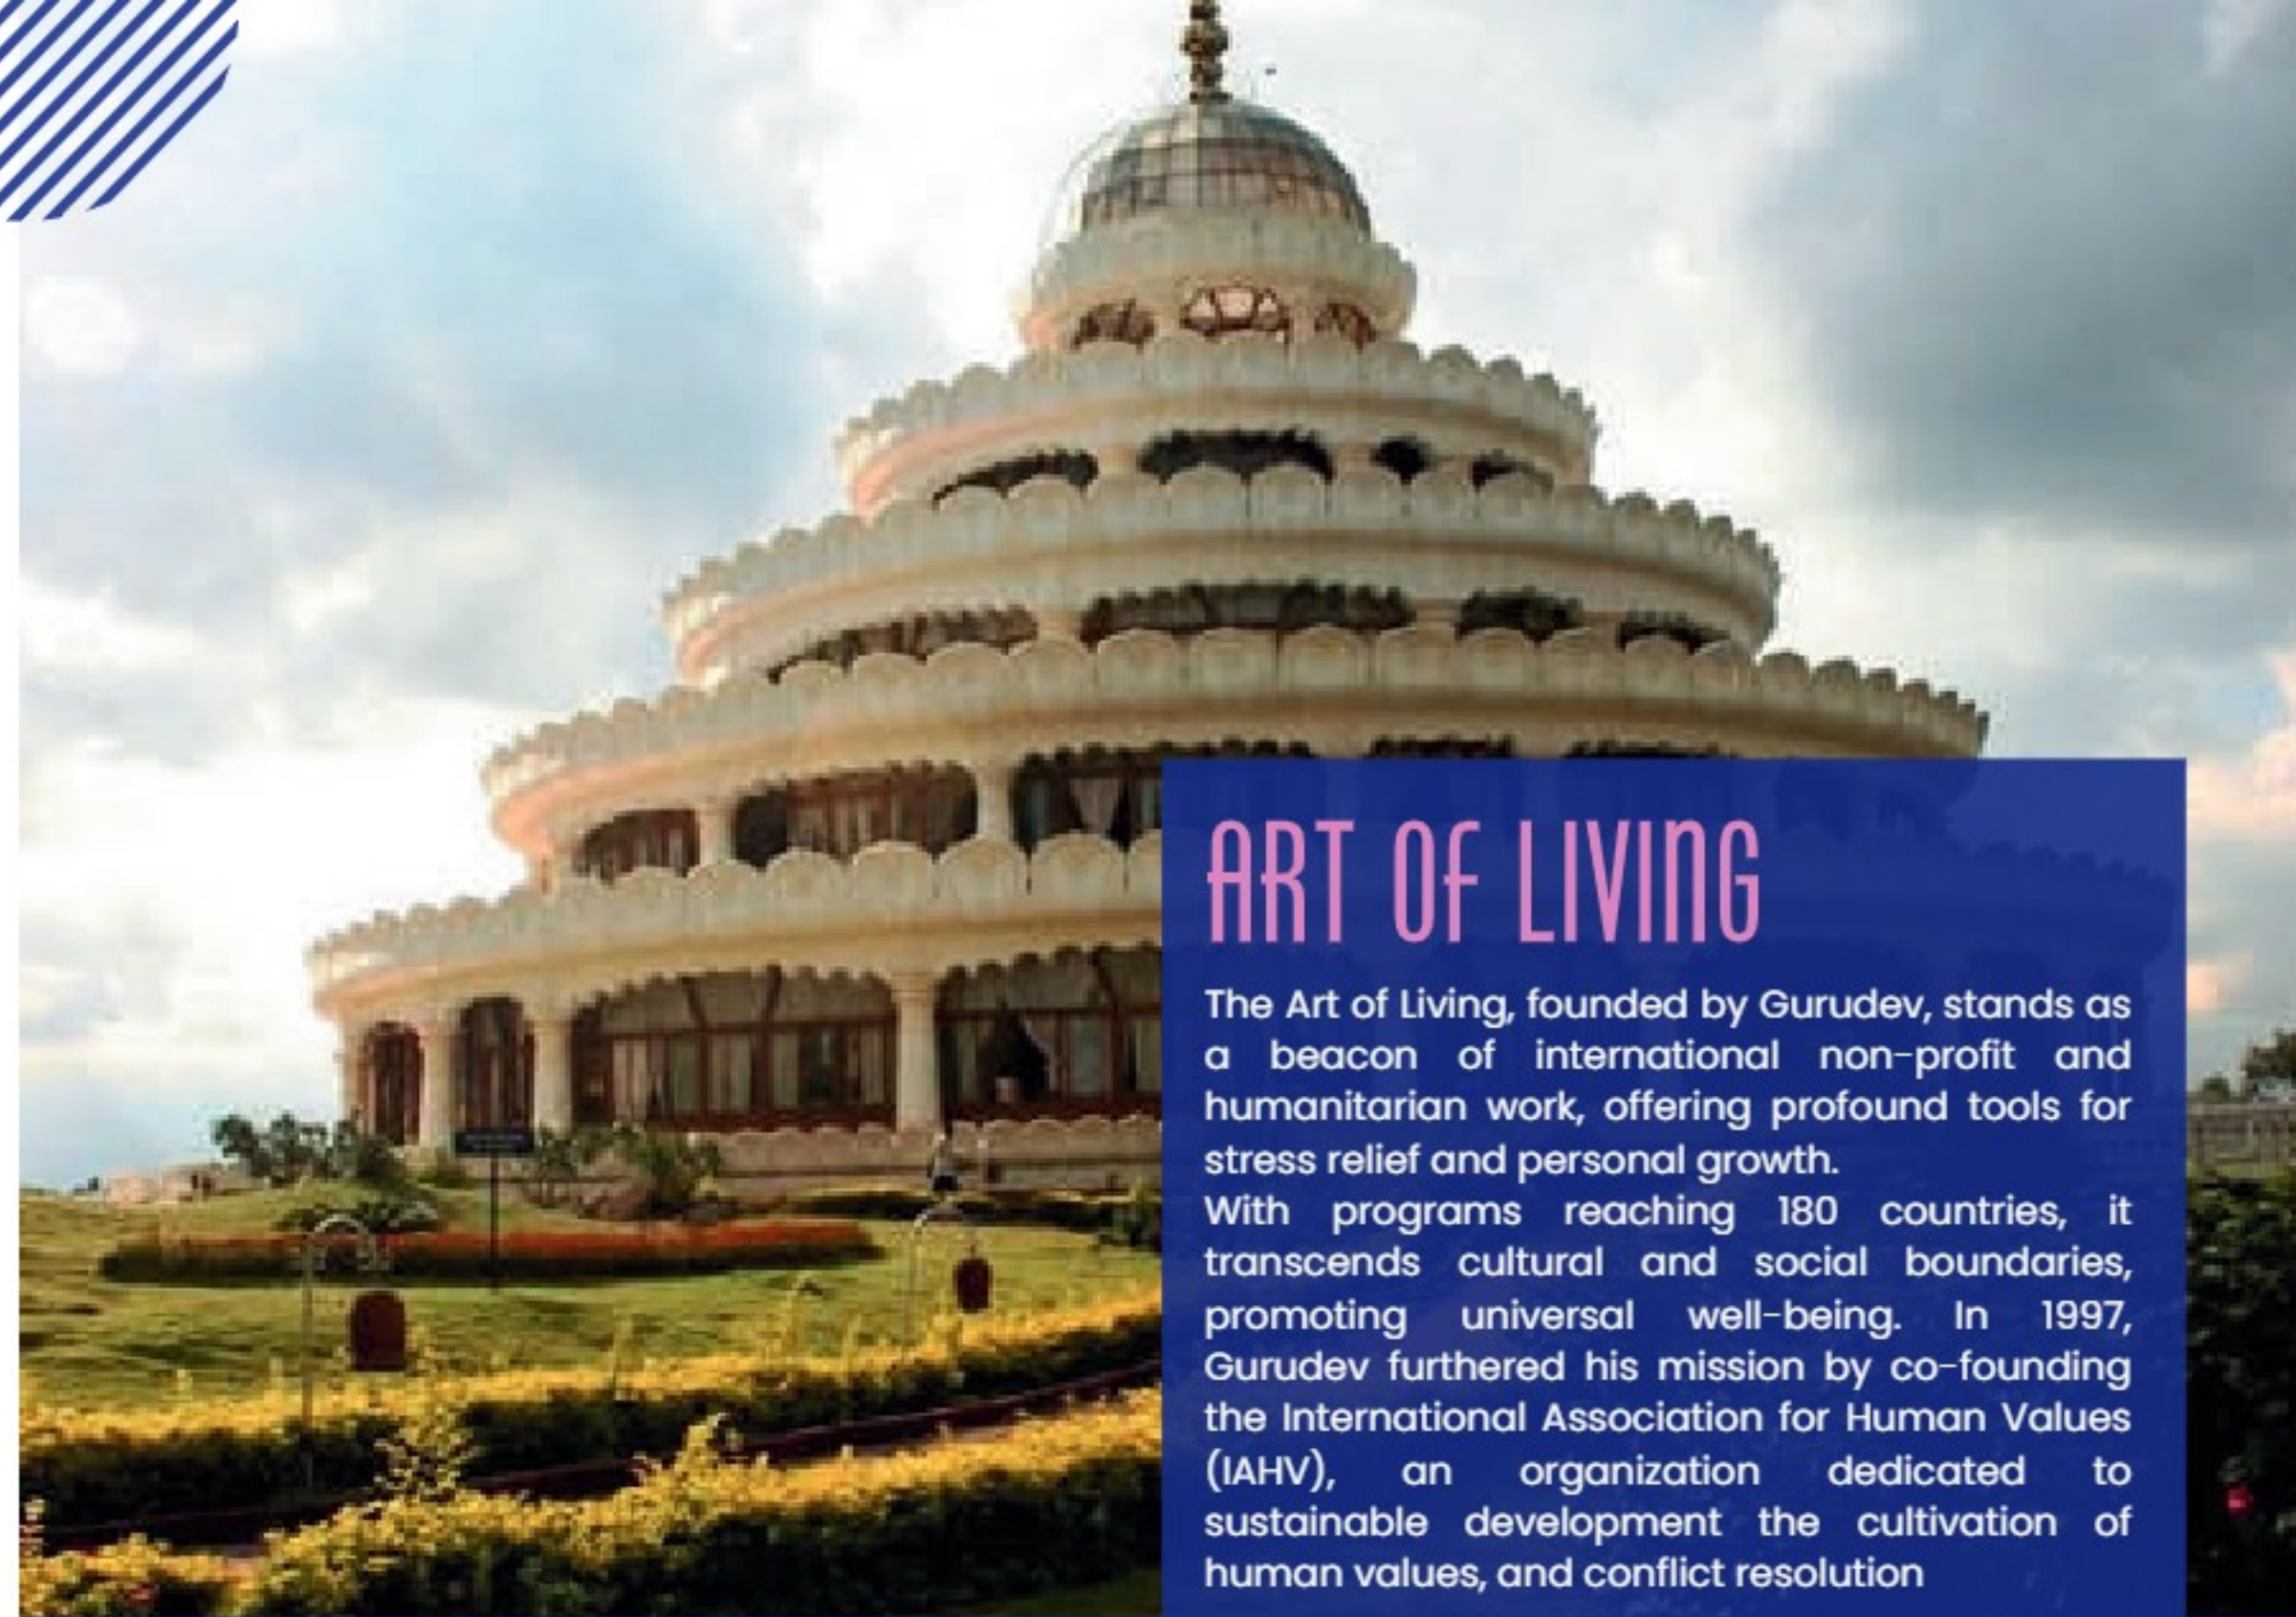

SRI SRI RAVI SHANKAR

A revered humanitarian and spiritual luminary, embodies the essence of peace and compassion. His transformative vision of a world free from stress and conflict has inspired millions globally through the initiatives of The Art of Living Foundation.

Born in 1956 in Southern India, Gurudev exhibited profound spiritual insight from a young age, mastering portions of the Bhagavad Gita by four and engaging in deep meditation.

Under the guidance of his first teacher, Sudhakar Chaturvedi, who was closely connected with Mahatma Gandhi, Gurudev excelled academically, graduating in Vedic literature and physics by seventeen.

ART OF LIVING

The Art of Living, founded by Gurudev, stands as a beacon of international non-profit and humanitarian work, offering profound tools for stress relief and personal growth.

With programs reaching 180 countries, it transcends cultural and social boundaries, promoting universal well-being. In 1997, Gurudev furthered his mission by co-founding the International Association for Human Values (IAHV), an organization dedicated to sustainable development the cultivation of human values, and conflict resolution

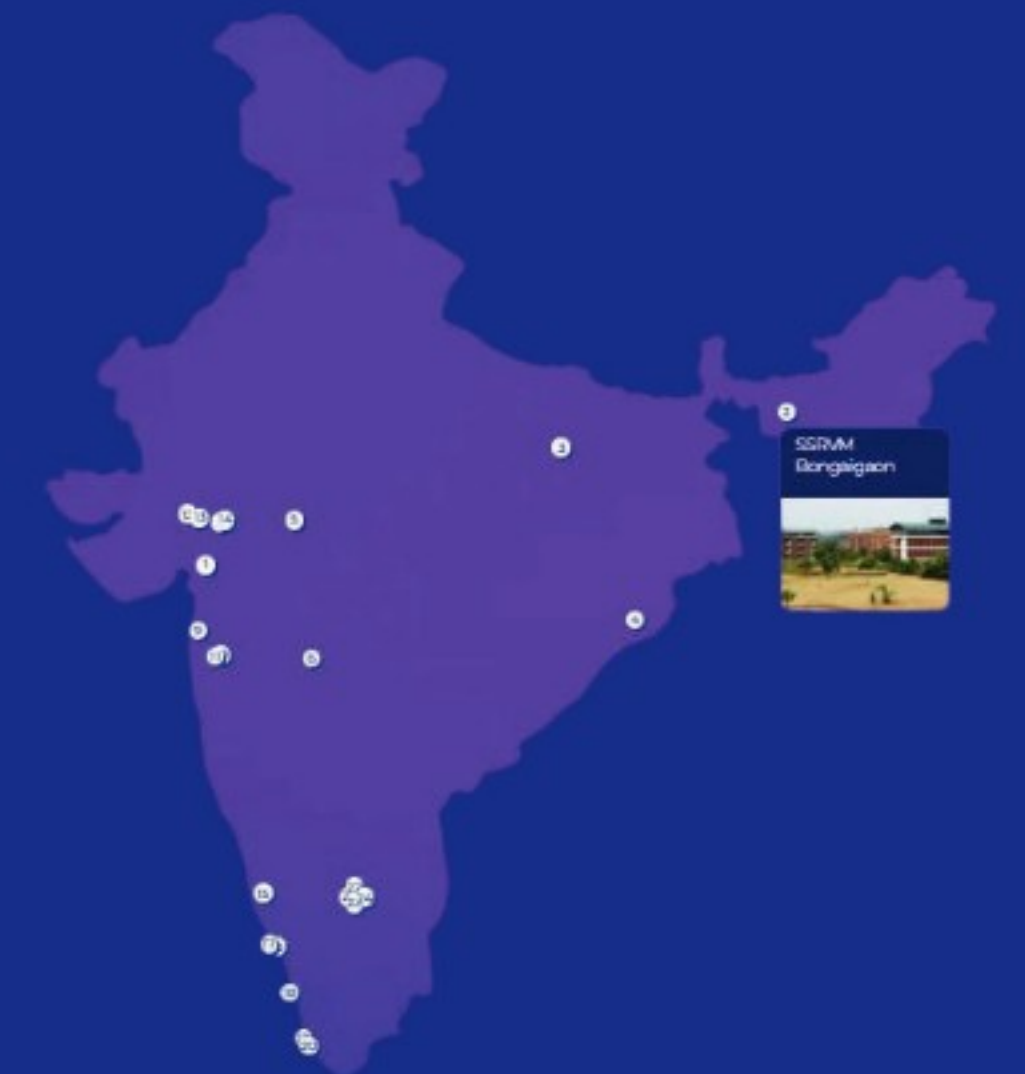

OUR GLOBAL FOOTPRINT

Our educational institutes have created a web of excellence, spanning across geographies. We have 120+ Institutes including Sri Sri University, Sri Sri Ayurveda College and Hospital, Sri Sri Institute of Nursing Sciences & Research Center, Sri Sri Institute of Fashion Studies, also Teacher Training Institutes offering B.P.Ed, B.Ed, B.Tc (D.El.Ed). There are 101 Schools across 16 states including 2 Schools in Nepal and Oman. Over 0.5 million alumni have studied. 5,500 Educators are part of this transformation.

THE ACADEMY

OVERVIEW

Located in the Himalayas, Sri Sri Academy is a top English-medium, co-educational school in West Bengal, offering Pre-Primary to Senior Secondary education with day and residential facilities. Its modern curriculum blends academics with sports, yoga, meditation, and arts, ensuring holistic growth.

WHY SSA

With the motto "Vidya Dadati Poornatvam" – "Education brings completeness" – SSA nurtures mind, body, and spirit through love and respect. Inspired by Gurudev Sri Sri Ravishankar, its ethos reflects the Five Aspects of Education: Concept (Earth), Attitude (Water), Information (Air), Imagination (Fire), and Freedom (Space).

SRI SRI UNIVERSITY:

Sri Sri University, established in 2009, is a premier institution of higher learning dedicated to fostering holistic education and personal development. Located in the serene environment of Cuttack, Odisha, India, the university embodies the vision of Sri Sri Ravi Shankar Ji, founder of the Art of Living Foundation, to create a nurturing educational ecosystem that integrates academic excellence with spiritual and ethical growth.

MISSION

- To create a joyful, safe and tranquil environment where every member of the school is encouraged to develop professionally towards achieving self-actualization.
- To focus on every child's social, spiritual, emotional, physical and cognitive development.
- To offer students a learning experience rooted in Indian traditions while exposing them to world culture.

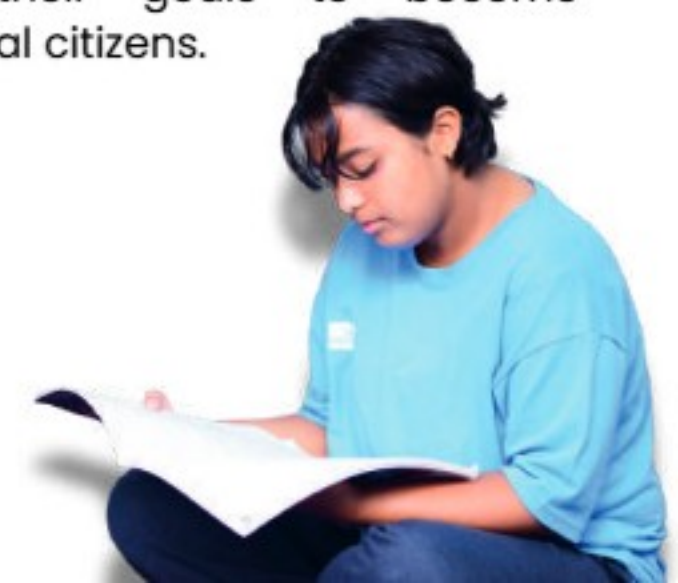

- To empower students to be academically competent, curious and have a spirit of adventure through various activities.
- To encourage collaboration and environment consciousness.
- To imbibe the core values of the school - open mindedness, trust, compassion and integrity.
- To build a strong link with parents and community

VISION

- To encourage members of the school community to grow and develop in an atmosphere of openness, cooperation, friendship and collaboration.
- To enable children to broaden their vision and deepen their roots.
- To stimulate innovative thinking, critical reasoning and entrepreneurship.
- To develop children into confident compassionate and responsible leaders who pursue their goals to become competent global citizens.

SRI SRI ACADEMY

At Sri Sri Academy, education goes beyond books with experiential and hands-on learning. Students actively practice life skills, values, and leadership through real-world experiences, while also receiving professional sports training from renowned champions. This holistic approach prepares them to excel both academically and personally.

CURRICULUM

Sri Sri Academy Siliguri, a CBSE-affiliated school from Nursery to Class XII, offers both boarding and day boarding. We combine rigorous academics with holistic education, focusing on communication, collaboration, creativity, and critical thinking. Our experiential curriculum nurtures curiosity and supports excellence in academics, arts, sports, and extracurriculars. Inspired by Gurudev Sri Sri Ravi Shankar's '5 Aspects of Education'—Concept, Attitude, Information, Imagination, and Freedom—we embody the philosophy 'Vidya Dadati Poornatvam,' fostering academic, physical, moral, and social growth.

EVIDENCE BASED TEACHING LEARNING PROCESS

Evidence-based teaching and learning rely on research and data to guide educational practices. Teachers use assessments and research to choose effective methods and continuously adjust practices based on feedback. Strategies are tailored to meet diverse student needs, and teaching effectiveness is measured through student outcomes. This approach ensures that instructional methods are grounded in proven evidence to improve learning and achievement.

TEACHER TRAININGS

At Sri Sri Academy, we believe the growth of our teachers is as vital as our students' education. We invest in their professional development through collaborations with leading organizations such as the Royal Society of Chemistry (London), Boarding Schools Association of India, American Field Service, Art of Living, CBSE Capacity Building Programs, and other renowned trainers.

Alongside skill enhancement, we also prioritize teachers' well-being, fostering a supportive environment that ensures happy classrooms and a joyful school community. A well-prepared and content teaching staff is central to our collective success.

INFIRMARY

At Sri Sri Academy, student health and well-being are top priorities. We have four medical rooms with trained male and female nurses, ensuring attentive on-campus care. Through our tie-up with a nearby multinational hospital, expert medical support is always within reach. With round-the-clock monitoring, parents can be assured their children are in safe and caring hands.

LABORATORIES

MATH LAB

The Math Laboratory at Sri Sri Academy makes learning mathematics interactive and enjoyable, helping students overcome math phobia. Through our partnership with Jodo Gyan, students use age-specific tools and kits to explore concepts creatively. Combining teacher sessions, practice, and hands-on activities, we build strong mathematical foundations and prepare gifted students for Olympiads and other competitions.

LANGUAGE LAB

Sri Sri Academy, Siliguri, houses North Bengal's first Language Laboratory to strengthen reading, writing, listening, and speaking. In partnership with Wordsworth English Language Lab, we blend instructor-led sessions with computer-based practice to build clarity, confidence, and effective English communication.

BIOLOGY LAB

The Biology Laboratory provides students with learning aids ranging from specimens and models to equipment like digital and analytical balances, an oven, an incubator and thermometers. We also make sure to maintain a high student to equipment ratio.

PHYSICS LAB

Our Physics Laboratory is a spacious, well-lit room with wide desks that can comfortably accommodate large instruments. It boasts sophisticated equipment that offer a hands-on experience to young learners.

CHEMISTRY LAB

Our Chemistry Laboratory is equipped with common apparatus such as test tubes and beakers, a wide array of laboratory reagents and safety features such as fire extinguishers, a first aid kit and shut-off valves. The workstations are outfitted with Bunsen burners and water sinks on either side. We ensure children are aware of the dangers present and strict supervision is maintained when experiments are underway.

COMPUTER LAB

Our Computer Laboratory is a centre for students to further explore the wonders of this technological marvel. The advanced specifications of our hardware and software are well suited to learning skills such as coding or web designing. From an economic standpoint, it is India's digital economy that has consistently outpaced all other sectors over the past decade. In case of start-ups that have exceeded billion-dollar valuations, the common feature is they are all technology based. At Sri Sri Academy, we perceive computer lessons as imparting a valuable life skill - one that will set our students apart regardless of the careers they pursue eventually.

LITTLE OFFICERS

- 01** **Surprise Talks:** Impromptu lectures enhancing listening, learning, and analytical skills.
Global Perspectives: Training on national and international history and current issues.
Leadership Training: Case studies on effective leadership traits.

TOUGH KIDS

- 02** **Competitions:** Boosts skills and team spirit through regular sports meets.
Comradeship Training: Fosters teamwork and mutual support.
Commando Training: Includes rigorous, military-style challenges to build strength, agility, and resilience.
All activities are led by qualified staff and supervised by the principal for safety and effectiveness.

COMPASS TRAILS

04 Career counseling helps individuals make informed decisions, saving time and money. Sessions offer detailed explanations and case studies on various career paths, providing comprehensive insights and tailored advice. They emphasize the global economy, empowering individuals to navigate professional opportunities both locally and internationally.

SKILLS SAFARI

03 **Applied Life Skills Observation** is a program that teaches children practical skills for independent living through hands-on experience with tasks like vehicle repairs, machinery operation, plumbing, and painting. Sessions foster participation and enthusiasm, helping children build self-sufficiency.

RETRO STREET

05 This activity immerses children in the nostalgic playtimes of their parents' generation by engaging them in 19th and 20th-century street games. It highlights simple pleasures without modern technology, bridging generations and fostering appreciation for earlier experiences and values. This journey connects children with the past and creates lasting memories

CONNECT-ED

06 This activity connects classroom learning with real-world applications through field visits and educational tours. It offers children firsthand insights into how classroom concepts apply in different industries, enhancing academic understanding and practical perspective. These experiences spark curiosity, critical thinking, and a greater appreciation for the relevance of education in shaping the world.

RESTORATIVE
JUSTICE

SRI SRI ACADEMY

सत्यमेव जयते

RESTORATIVE JUSTICE

07

Student-led restorative justice initiatives focus on repairing harm and rebuilding relationships through peer mediation and restorative circles. Discovery trails and adventure stays further build confidence, resilience, and self-survival skills, helping children overcome fears and embrace life's challenges.

ADVENTURE TRAILS

09

Adventure Trails is chosen to encourage students to explore, learn, and grow beyond the classroom. Adventure trails represent the journey of discovery, teamwork, and problem-solving, which are essential skills in education. Through activities like nature walks, obstacle courses, or creative storytelling trails, students can build confidence, develop leadership qualities, and strengthen their physical and mental abilities.

SSA CABINET SELECTION COMMITTEE

EXTRA CURRICULAR

- Meditation
- Yoga
- Skating
- Dance
- Music
- Karate/MMA
- Wall Climbing

SSA SPORTS ACADEMY

Sports – Professional Training
offered by renowned institutions

SCHOOL CINEMA

School Cinema is a first-of-its-kind program in the world that has introduced film pedagogy to schools to support Social Emotional Learning, Life Skills, Mental Well-being and Social Skills, creating future-ready students. School Cinema uses cinematic storytelling and thought-provoking workbooks and digital activities to engage and influence students, parents, and educators. School Cinema has a life-skills and social emotional learning curriculum for students from KG to Grade 10

IRIS ROBOT TEACHER

The IRIS robot teacher, equipped with advanced robotics and AI, provides interactive education for grades 1-10 in science, English, and social studies. It covers fundamental topics like ecosystems, basic grammar, and geography in lower grades, advancing to complex concepts in higher grades. The robot offers personalized learning through an Android app, facilitating responsive and engaging lessons. It integrates quizzes and activities to enhance understanding and track student progress.

STUDENT LEADERSHIP

The SSA Panel, comprising twelve professionals, evaluates student leadership through a four stage interview process similar to those used in defense and multinational firms. The process includes group discussions, critical thinking assessments, impromptu lectures, and personal interviews, focusing on teamwork, problem-solving, communication, and vision. Candidates first engage in group discussions on three topics, then tackle real-life challenges specific to a locale. Next, they give a three-minute impromptu lecture on a random topic. The final personal interview assesses psychological and personality traits. This rigorous process ensures the selection of student leaders who align with the school's principles and exhibit strong potential. A presidential debate for candidates seeking the school president position further develops their leadership and public speaking skills.

DMIT & CAREER COUNSELLING

DMIT uses fingerprint patterns to assess a person's strengths and cognitive abilities. It provides career counseling by identifying natural talents and suggesting suitable career paths.

The test reveals learning styles and intelligence types, helping set realistic goals and enhance self-awareness. It complements traditional methods with unique insights into personal potential.

LIFE AT BOARDING

Students engage in a range of activities including sports, yoga, and martial arts, guided by qualified instructors. Experiential learning is further enhanced through participation in dance, music, art, and cooking, as well as organized trips and camps.

DINE

The hostel serves nutritious vegetarian cuisine, crafted by a Nutritionist and updated monthly, ensuring balanced and wholesome meals. Junk food and soft drinks are prohibited on campus.

STAY

Our state-of-the-art residential facility, set in serene surroundings, features separate, well-appointed hostels for boys and girls.

The spacious, bright, air-conditioned dormitories are furnished for comfort, creating a warm and invigorating atmosphere conducive to student well-being.

boys & girls.

SECURITY & CCTV SURVEILLANCE

At Sri Sri Academy, the health and well-being of our students are paramount. To ensure a secure environment, we have partnered with two esteemed security companies, both led by experienced ex-army personnel.

These collaborations bring a level of discipline, vigilance, and professionalism that is second to none. Whether in the hostel or on campus, our students are under continuous 24/7 surveillance. This round-the clock protection guarantees that every child is safe, secure, and able to focus on their education without concerns. At Sri Sri Academy, we are committed to providing a safe haven where students can thrive academically and personally.

TRANSPORT FOR DAY BOARDERS

Sri Sri Academy Siliguri offers a secure bus service with a precise schedule and designated stops. The fleet includes First-Aid kits, CCTV cameras, speed governors, GPS tracking, and air-conditioning. Experienced drivers and a lady attendant ensure safety, with mobile phones for route monitoring and emergency contacts. The administration collaborates with the transportation team to plan routes, allocate seats, and oversee operations, maintaining high safety and efficiency standards.

SCHOOL EVENTS & CELEBRATIONS

At SSA, we emphasize celebrating cultural, regional, and international festivals, as well as important observances. These large-scale events provide students with enriching experiences and broad exposure, fostering oystering understanding and respect for diversity. Students learn about global traditions and customs, developing appreciation for different communities. This approach ensures students are culturally aware and prepared to be global citizens, contributing to a harmonious and inclusive school environment where all backgrounds are honored.

GUEST SPEAKERS

At Sri Sri Academy, education goes beyond books—it's about preparing students for life. Interactions with achievers from diverse fields inspire our children to dream, discover, and shape their future.

SSA STUDENT CABINET

SRI SRI ACADEMY

ACADEMIC LEADERS

At Sri Sri Academy, our ethos is captured by the phrase 'Broaden the vision, deepen the roots. Our transformative education integrates with the Art of Living, promoting holistic well-being where happiness, freedom, and self-expression are key. We maintain small class sizes (30 or fewer students) and a 1:10 student-teacher ratio, ensuring personalized attention and alignment with Howard Gardner's multiple intelligences framework. Our education transcends textbooks, focusing on real-world applications and fostering qualities like communication, innovation, and principled global citizenship. We invest in cutting-edge infrastructure and professional development to adapt teaching methods to diverse student needs, guided by Benjamin Bloom's taxonomy. Starting in grade six, our Compass trails Program offers career guidance from professionals, and students receive training in public speaking, leadership, and life skills through nine unique concepts of SSA. Our house system and school championships build unity and teamwork. We aim to develop well-rounded students who are progressive global citizens, making a meaningful impact on future generations.

Narendra Thota

MEMBERS OF AFS INDIA & BSAI INDIA

American Field Service India (AFS India)

AFS promotes intercultural understanding and peace in over 54 countries with 14,000 exchanges annually, supporting 360,000 participants since 1947. In India, since 2005, AFS has 750 volunteers in 50 cities, hosting 1,400 students and sending 2,000 abroad, partnering with 250+ schools. In 2025, AFS India aims to expand programs for underserved communities, promoting social impact and its "learning to live together" philosophy.

Boarding School Association of India (BSAI)

The Boarding School Association of India (BSAI) enhances the residential boarding school sector by promoting collaboration, sharing best practices, and improving educational standards. BSAI supports top residential schools in academics, safety, and student welfare, offering resources for high standards and transformative learning. By leveraging collective efforts, BSAI ensures Indian students benefit from boarding schools' unique opportunities, fostering holistic development and future success.

Empowered by Oxford University Press, our teachers bring world-class learning to the classroom.

SCHOOL AWARDS & ACCOLADES

Some notable awards won by the school in the last four years are:

- MOTHER TERESA INTERNATIONAL AWARD FOR BEST SCHOOL OF THE YEAR (NORTH ZONE), 2019
- INDIA SCHOOL MERIT AWARD, 2020-21
- FIRST PRIZE IN PROVENANCE '21 FOR THE SCIENCE PROJECT ON SUSTAINABLE FARMING
- RANKED 6TH IN THE TOYCATHON NATIONAL CHALLENGE BY GOVERNMENT OF INDIA.
- RANKED 3RD IN THE SCIENCE EXHIBITION ORGANISED BY BENGAL SAFARI PARK, ON INTERNATIONAL DAY OF BIODIVERSITY, 2022
- ASIAN EDUCATION AWARD FOR BEST CBSE SCHOOL IN NORTH EAST
- WORLD SCHOOL SUMMIT AWARD FOR BEST RESIDENTIAL SCHOOL IN NORTH EAST
