

WHERE POTENTIAL BLOSSOMS INTO GREATNESS

Educating Minds. Enriching Hearts. Empowering Futures.

A Legacy Of Transformation

Founded on the vision of Sri Sri Ravi Shankar, Sri Sri Academy is more than a school- it is a movement towards creating a generation of happy, confident and value-driven individuals.

As a part of the Art of Living movement, our students become members of a global community that spans “over 180 countries”.

ONE VISION. ONE WORLD.

180
COUNTRIES.

“The purpose of education is to make a person truly human – compassionate, confident, and committed to excellence.”

Where Learning Meets Inspiration

Vision

- To create a joyful, safe, and tranquil environment where every member of the school is encouraged to develop professionally towards achieving self-actualization.
- To focus on every child's social, spiritual, emotional, physical, and cognitive development.
- To offer students a learning experience rooted in Indian traditions while exposing them to world culture.
- To empower students to be academically competent, curious, and have a spirit of adventure through various activities.
- To encourage collaboration and environmental consciousness.
- To imbibe the core values of the school – open-mindedness, trust, compassion, and integrity.
- To build a strong link with parents and the community.

Mission

- To encourage members of the school community to grow and develop in an atmosphere of openness, cooperation, friendship, and collaboration.
- To enable children to broaden their vision and deepen their roots.
- To stimulate innovative thinking, critical reasoning, and entrepreneurship.
- To develop children into confident, compassionate, and responsible leaders who pursue their goals to become competent global citizens.

From the Chairman's Desk

Sri Sri Ravishankar Vidya Mandir Trust

"Preparing Young Minds for a Changing World"

The true purpose of education is not simply to fill young minds with information, but to empower them with the clarity to think, the courage to act, and the wisdom to choose what is right.

At Sri Sri Ravishankar Vidya Mandir, we believe that education must develop the complete individual, intellectually, emotionally, physically and spiritually. In a rapidly changing world shaped by technology, innovation and global interconnection, our children need more than academic competence. They need character, resilience, empathy, leadership and a sense of responsibility towards society and the nation.

Our educational vision seeks to combine the timeless strength of our roots with the possibilities of the future. Through experiential learning, technology, creativity, leadership opportunities, sports, mindfulness and value-based education, we seek to give every learner the confidence to discover their potential and contribute meaningfully to the world.

We must educate a generation that does not merely ask, "What can I achieve?" but also, "What can I contribute?" That is the spirit of education we aspire to nurture a generation that is fearless in thought, disciplined in action, compassionate in spirit and visionary in purpose.

Best Regards,
Commodore H G Harsha
Chairman

Sri Sri Ravishankar
Vidya Mandir Trust

From the Chairman's Desk

Education is not merely about gaining knowledge. It is about nurturing curiosity, building character and giving young minds the confidence to create a better tomorrow.

At Sri Sri Academy, we believe that education is a journey that begins with wonder and gradually leads to wisdom. From the early years of KG to the higher stages of learning, our endeavour is to provide every child with an environment where they can think independently, learn with confidence, take responsibility and grow into their fullest potential.

Our philosophy, "Broaden the Vision, Deepen the Roots," reflects our belief that children must be prepared for a changing world while remaining firmly connected to strong values. Academic learning, technology, creativity, physical well-being, emotional intelligence and a sense of responsibility come together to make education a meaningful and enriching experience.

As we move forward, our commitment remains to nurture not only successful individuals, but also compassionate human beings, confident leaders and responsible citizens who can make a positive difference to the world around them.

The future is not simply something we prepare our children for.

Together, we nurture the children who will shape it.

Warm Regards,
Saroj Agarwal
Chairman
Sri Sri Academy

Warm Regards,
Narendra Thota
Principal
Sri Sri Academy

From the Principal's Desk

As the Principal of Sri Sri Academy, I firmly believe that education in the 21st century must go far beyond conventional classrooms. In a rapidly changing world, children need not only academic excellence, but also emotional intelligence, leadership skills, creativity and the confidence to face global challenges with wisdom and compassion.

With over 12 years of enriching experience in the field of education, my vision has always been to nurture young minds in an environment that inspires curiosity, innovation and holistic growth. At our academy, learning is designed to be experiential, meaningful and future-oriented. Through initiatives such as Discovery Trails, leadership programs, experiential learning opportunities, meditation, sports and creative exploration, we strive to shape confident individuals and responsible global citizens.

I warmly welcome you to become a part of our journey as we continue to build an institution where education is joyful, holistic and truly transformative.

From The Desk of the Visionary Leader

When Sri Sri Academy began its journey, it was more than just the foundation of a school – it was the beginning of a vision that I nurtured with immense belief, care and responsibility, much like raising a child from its very first step. Watching the institution grow over the years into a space filled with energy, learning and transformation has been deeply fulfilling.

One of the most special initiatives of our academy has been the Intuition Program, which has given our students the opportunity to explore their inner potential, creativity and confidence in ways that conventional education often overlooks. This holistic and mindful approach is what truly makes our institution stand apart.

Over the years, I have personally witnessed remarkable journeys, students who once came from ordinary academic backgrounds or struggled with confidence gradually transformed into school toppers, leaders and individuals with a strong sense of purpose. These transformations remain our greatest achievement.

We have achieved many milestones, but I truly believe that our journey has only just begun.

Best Regards,
Naresh Agarwal
Sri Sri Academy

The SSA Advantage

From First Steps to Higher Horizons:

Our Educational Legacy from KG to PG

From the first steps of Kindergarten to the heights of postgraduate learning, our educational journey is rooted in a vision that transcends classrooms and curricula. Our ecosystem spans across Sri Sri Academy (SSA), Sri Sri Ravi Shankar Vidya Mandir (SSRVM), and Sri Sri University, together forming a seamless pathway of holistic education from KG to PG. It is a continuum of learning, values, innovation and leadership.

Professional Development for Teachers

200 Hours of Training

At Sri Sri Academy, every teacher undergoes a compulsory 200 hours of annual training through programmes like Art of Living, CBSE Capacity Building, Oxford Advantage, Shraddha Training, Happiness Training, and Advanced Meditation. These trainings enhance pedagogical excellence while strengthening teachers' Emotional Intelligence (EI) and Emotional Quotient (EQ), enabling them to create mindful, compassionate, and student-centric learning environments.

Where
DISCOVERY
BEGINS

Lab

STEM INNOVATION CENTRE

- Well-equipped Mathematics, Physics, Biology, and Chemistry laboratories
- Hands-on experiential learning
- Nurturing scientific temperament & innovation
- Fostering analytical ability, curiosity, and critical thinking

Chemistry Laboratory

A space where curiosity meets experimentation and scientific thinking comes alive.

Biology Laboratory

- Research-oriented environment
- Equipped with specimens, models, microscopes, digital balances, incubators, and other modern apparatus
- Encouraging observation, experimentation, and scientific inquiry

Mathematics Laboratory

- Interactive, engaging, and experiential learning
- Hands-on activities, models, and innovative tools
- Developing logical reasoning, conceptual clarity
- Competitive excellence and Olympiads

Language Laboratory

- First of its kind in North Bengal
- Strengthens students' listening, speaking, reading, and writing skills.
- In partnership with the Wordsworth English Language Lab

Physics Laboratory

- Inspiring young minds through discovery and innovation
- Spacious, modern, and equipped with advanced scientific instruments
- Transforming theoretical concepts into hands-on learning experiences

Trails DISCOVERY

- Encourages students to explore, learn, & grow beyond the classroom.
- Promotes exploration, teamwork, and problem-solving skills.
- Develops leadership and collaboration abilities.
- Strengthens physical and mental well-being through active learning.

COMPASS Trails

- Provides personalized career guidance for informed decisions.
- Offers expert insights and real-world case studies.
- Saves time and reduces career planning costs.
- Prepares students for global career opportunities.
- Helps identify the right career path with confidence.

tough kids Programme

- Leadership & Character Development
- Officer Training & Leadership Workshops
- Teamwork, Communication & Collaboration
- Decision-Making & Accountability
- Service Before Self & Responsible Citizenship

SKILL SAFARI

- Practical Life Skills Training
- Hands-on Technical Learning
- Self-Reliance & Independence
- Problem-Solving Through Experience
- Confidence in Everyday Living

Little Officers

The Little Officers Programme nurtures leadership, responsibility, discipline, and confidence among students through officer training sessions, leadership workshops, cabinet meetings, and interactive surprise talks.

- Encouraging teamwork, communication, decision-making, and accountability
- Empowering young learners
- Fostering responsible leaders

- Connects classroom learning with real-world experiences.
- Provides first-hand insights through field visits and educational tours.
- Enhances academic understanding with practical exposure.
- Encourages curiosity and critical thinking. Helps students appreciate the real-world value of education.

An Epochal Day of Grace and Blessings

An extraordinary confluence of grace, wisdom,
and divine blessings as

Pujya Gurudev Sri Sri Ravi Shankar Ji

graced Sri Sri Academy, leaving behind
moments of profound inspiration and
cherished memories.

Intuition Programme

For the first time in the North East

- Awakens children's natural intuition.
- Enhances focus, memory, and learning.
- Improves clarity and decision-making. Builds confidence and emotional balance.
- Boosts creativity and observation.
- Develops self-awareness and resilience.
- Promotes inner calm and positivity.

“ I truly felt that this program would reach and benefit all of us. I was ready to move to Level 2. For me, meditation is something that should become as natural a habit as brushing your teeth.

It's simple, but powerful when practiced daily.

I also see that many parents today are returning to traditional ways of learning—focusing more on mindfulness, discipline, and inner well-being for their children.

Sakshi Dhoni

“ What I've just witnessed is unbelievable. I'm not someone who easily believes in such things, but today, I'm truly shocked and have no words.

For the next generation, this could be revolutionary. Maybe the real revolution isn't AI, it's the potential within us.

I would definitely recommend experiencing this for yourself.

Archana Puran Singh

“ I've read and heard so much about how human potential can lie dormant—but when you witness such incredibly gifted children, **your faith in human excellence is completely renewed.**

I must congratulate you on this program for bringing out something so extraordinary.

This is truly phenomenal.

Vikrant Massey

Utkarsh & Medha Yoga

The Art of Inner Growth

Medha Yoga for Age Group: 13-17 Years

- Improve concentration for better marks in exams
- Positive attitude to grow in life
- Creative thinking for a bright future
- Emotional & Mental well being

Utkarsha Yoga for Age Group: 8 - 13 Years

- Increases Memory or Retention span
- Strengthen Immunity & Stress Management
- Fosters Human Values

Self - Defence Programme

- Specially designed to equip girls and young learners with essential self-defence skills.
- Conducted under the expert mentorship of Karate Master Anil Rai.
- Teaches practical techniques for personal safety and self-protection.
- Develops confidence, discipline, resilience, and mental strength.
- Improves physical fitness, agility, balance, and coordination.
- Enhances situational awareness and the ability to respond calmly in challenging situations.
- Encourages courage, self-belief, and responsible decision-making.

Junior Sri Sri Academy - The Foundation School has been born of this very idea - an idea that every child is deserving of the best possible care and education. We provide a safe, nurturing and stimulating environment for children As young as 12 months old to 6 years, to flourish, be independent, confident and adventurous as they learn and grow.

Our state of art preschools in Siliguri have been thoughtfully planned and provide a warm and welcoming environment where all children receive personalized attention.

Junior Sri Sri Academy is built on the belief that the essence of education lies in empowering children to recognize their enormous potential and that learning is a catalyst for drawing that out.

We are committed to raising intelligent, compassionate and responsible citizens of tomorrow.

The Hindi word '**Boond**' means drop. Remember the adage-
"Individually we are one drop, together we are an ocean."
